Introduction

This booklet lists providers who participate with Blue Cross and Blue Shield of Vermont. This network also serves as our preferred provider network.

Although we keep this booklet as up-to-date as possible, your provider’s participation status may have changed since the printing of this text. Please check with your provider to see if he or she participates with Blue Cross and Blue Shield of Vermont.

Here’s how choosing a participating provider helps you:

- Participating providers bill us directly, saving you the trouble of complicated paperwork.
- Participating providers agree to accept Blue Cross and Blue Shield of Vermont’s allowed price as payment in full.
- Participating providers take care of securing any necessary Prior Approvals for you.

Remember, if your benefit plan includes deductibles, coinsurance or co-payments, you may have to pay your provider those amounts at the time of service.

Non-participating providers may require payment at the time of service. They may also bill you for the balance if their actual charges exceed our Allowed Price amounts for any given services.

Additionally, non-participating providers may require you to fill out and submit your own claims. If so, we will pay you directly for covered services.

This list of participating providers is subject to frequent changes. Call our customer service department toll-free at (800) 247-2583 or visit our website at www.bcbsvt.com for the most up-to-date provider information.

Magellian Behavioral Care Network

In the back of this directory is a listing of providers in the Magellan Behavioral Care Network. In most cases, you must use a network provider to receive benefits for mental health or substance abuse services. Network providers will secure any necessary Prior Approval from BCBSVT for you.

Please refer to your contract materials for details about your coverage.

If your coverage includes Open Network Mental Health, you need not use the Magellan network of providers. In some cases, however, you must choose participating providers in order to receive benefits. See your contract materials or call our customer service department at (800) 247-2583 for details.
