| Important Questions  | Answers   | Why This Matters:  |
|--|---|--|
| What is the overall deductible?                                      | \$2,000 individual <u>plan</u> / \$4,000 family aggregate.  Co-insurance and <u>co-payments</u> do not apply to the <u>deductible</u> . This benefit combines your prescription drug and medical <u>deductibles</u> .   | Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount each <u>plan</u> year before this <u>plan</u> begins to pay. If you have other family members on the policy, the overall family <u>deductible</u> must be met before the <u>plan</u> begins to pay. Your <u>plan</u> year: 01/01/2024 through 12/31/2024.   |
| Are there services covered before you meet your <b>deductible</b> ?  | Yes, <u>preventive care</u> , wellness drugs  | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>co-payment</u> or <u>co-insurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .   |
| Are there other <u>deductibles</u> for specific services?            | No. There are no other specific <u>deductibles</u> .  | You don't have to meet <u>deductibles</u> for specific services.   |
| What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ? | \$5,950 individual plan. Family plans have an individual out-of-pocket limit of \$9,450 and \$11,900 family aggregate. Prescription drugs: \$1,600 individual plan / \$3,200 family aggregate. Medical and prescription drug out-of-pocket limits are combined. | The <u>out-of-pocket limit</u> is the most you could pay in a <u>plan</u> year for covered services. If you have other family members in this <u>plan</u> , the overall family <u>out-of-pocket limit</u> must be met.   |
| What is not included in the <b>out-of-pocket limit</b> ?             | Premiums, <u>balance-billing</u> charges, adult vision care, adult dental services and health care this <u>plan</u> doesn't cover.  | Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .   |
| Will you pay less if you use a <b>network provider</b> ?             | Yes. See www.bluecrossvt.org/find-doctor or call (800) 255-4550 for a list of network providers.  | This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). For certain emergency services and/or services at an in-network hospital or surgical center (as explained below), the maximum amount you may pay is the plan's in network cost-sharing amount. In these circumstances, the providers cannot balance bill you. Check with your provider before you get services. |
| Do you need a <u>referral</u> to see a <u>specialist</u> ?           | No.   | You can see the <u>specialist</u> you choose without a <u>referral</u> .   |
